Grrrl racers dominate at Wakefield

The 4th round of the Girls Ride Out (GRO) Ladies' Racing Series was held on 22nd April 2007 at Wakefield Park, in conjunction with the Honda St. George Road Race Series.

For this round the ladies were sharing the grid with the boys in the Lightweight, Single Cylinders, Twin 650cc & Lites classes, but the ladies dominated the grid from the start!

In the RST Unlimited Class, Nakeeta Quayle continued to go from strength to strength, conquering the grid yet again, each of her 5 races as good as won within the first lap. Nakeeta also shaved half a second off her recent Wakefield lap record. Amy O'Mara and Katelund Povey were also very impressive, taking out 2nd & 3rd respectively, with Kate doing well not to lose it after trying a little off-road exploring in Turn 2 on more than one occasion.

The Fraser Motorcycles Ladies Lites class had diminished to just 3 entries at the start of the round, shrinking to just 2 after Maree Rutherford lost the front of her VFR400 in qualifying. Cath Parsons seemed to have it all stitched up until a couple of the guys came down in race 4, with Cath caught up in the middle of it all, putting her out for the rest of the day. Sarah Newman was the only one to finish all 5 races, taking out the coveted 1st place trophy.

The Most Enthusiastic Award (an Eastern Creek Ride Day) for this round goes to Maree Rutherford. Maree tried everything within her power to race this weekend, overcoming a barrage of issues, including a mad dash first to Goulburn, and then to Canberra for a new chain, only to crash out in qualifying.
